

Dear Valued Midlothian Dental Arts Patients:

Like many, we are monitoring the scope of the COVID-19 pandemic. The Commonwealth of Virginia has mandated we like all other dental service providers close our offices expect for emergencies. Dental Emergencies are potentially life threatening and require immediate treatment to stop ongoing tissue bleeding, alleviate severe pain or infection. The American Dental Association has given us guidelines. For the latest updates you can visit ada.org/virus. If you are experiencing a dental emergency please call us at 804-379-9711. We will be checking our messages frequently and Dr. Abbott will call you back as soon as possible to discuss your needs.

We at Midlothian Dental Arts care deeply about our patients, staff and families. We are doing everything possible to keep everyone as safe and healthy as possible during this difficult period. It is our intention to re-open when safe and the Commonwealth of Virginia gives us the ok to do so. We will be contacting you about re-scheduling your appointment as soon as we can.

Thank you for your patience and we look forward to seeing you soon.
